

A narrow, historic street in Havana, Cuba, lined with multi-story buildings. The street is filled with vintage cars, including a prominent red classic car in the foreground with license plate P190532. People are walking along the sidewalks, and a bicycle is visible in the distance. The scene is captured in a warm, golden light, suggesting late afternoon or early morning. The sky is overcast, and the overall atmosphere is one of a bustling, old-world city.
